The Famous Leonard Case Is Called for Trial

Fred Leonard Was Allowed \$300 Yesterday With Which to Make His Fight-Attorneys in the Case.

An application from Fred H. Leonard to the probate court for an allowance of \$1,000 with which to support his appeal in the circuit court from the appointment of the Michigan Trust company as his guardian by the probate court was argued yesterday morning by N. P. Allen, the appellants attorney. The Hon. H. W. Butterfield, attorney for the Michigan Trust company dropped into court and opposed granting the application, arguing that \$100 would be sufficient amount for the purpose. The probate judge, however, granted the applicant the sum of \$300. The hearing on the appeal is set for November 21 in the circuit court. Fred H. Leonard's application for the partition of the Leonard estate will be on call in circuit court Monday morning and promises to be a stubbornly contested case. The title of the case is Fred H. Leonard vs. Charles H. Leon ard, Frank E. Leonard, the Mienigan T ust company and the Mutual Life Insurance company of Connecticut. The insurance company will be represented by William A.
Moore & Son of Detroit, the Michigan
Trust company by Butterfield &
Keeney of the soity, and Leonard Broa.,
by Fletcher & Wanty, with Smiley, ith & Stevens as general counse The applicants attorneys are N. P. Allen and McGarry & McKnight.

NUISANCE IN OAKFIELD. Referred to the Prosecuting Attorney and

State Board of Health. Prosecuting Attorney McKnight was called out to Oakfield Township yesterday morning by the township board to invest gate an alleged numance by debris. The nuisance was caused by the diversion of the natural outlet of three b.kes and partial drainage of the same. There is a chain of five lakes situated in the townships of Oakfield and spencer, the natural outlet of three of which was to the north into Black creek, and thence into Flat river. Some twenty-five years ago the Bank broti ers built a dam at the outlet into Black creek, and cut a ditch between two of the lakes. The result of this was to partially drain three other lakes and to turn the outlet of these lakes sonth into Wabasis creek. This was done to recover a bed of marl under-lying one of the lakes. By thus lowerme the lakes their borders have become soft and miry, and it is difficult or impossible to get to them for any purpose. The dam at the outlet into Black creek has frequently gone out at 2 p. m., the Keystone Express at 2:50 p. m. Both run daily. Address F. M. Bushong, T. P. A. Detroit Man. to fill up during periods of freshets and again to be lowered during dry weather. The contention of the citizens is that which should be absted. The contention of the Bank Bros. is that they have the right to drain the lakes, that they have a valuable property interest in the marl beds thus uncovered, that they own the land between the lakes through which the ditch is made and that they have had the undisputed possession of these rights and property for the last twenty-hve years. The state board of health examined the situation but could not express any opinion in relation to property or acquired rights, leaving that question for settlement in the courts. The state board expressed itself that the alternate rising and lowering of the water in the lakes, exposing large areas of over-flowed lands to the action of heat and

Will Defend the Railway Company. City Attorney Taylor, in behalf of the city of Grand Rapids, filed a bill in chancery with the clerk of the circuit court yesterday, asking that the city be allowed to intervene in the case and to join the Concolidated Street Railway company in its application for a dissolution of the preliminary injunction granted the Michigan Trust company as trustees of the Reed's Lake Electric road. An ordinance was passed granting the railway company the right to lay its tracks in Dwight street and others to Canal street, and the company deposited a certificate for \$10,000 with the city treasurer to be forfeited in case the company should fail to comply with the requirements of the ordinance, but work was delayed because the city was improving the streets along which the route extends. The application states that it is a matter of public concern to the city and its citizens that proper street railway facilities should be furnished, and that the Rend's Lake Electric railway is unable to construct and operate a street car line over that route. The application of the petitioner was granted by Judge Adst.

Over a year ago I began to have trouble with my lungs and, in spite of the efforts of the physicians I consulted, kept getting worse until I began taking The Montague Treatment. I had pains in my lungs and side, bad cough, flight sweats and loss of weight, strength and appetite. Since I began this treatment my strength is fast returning am gaining in weight and appetite first class. My night sweats have left me, pain is about gone from chest and side, and I don't cough once now, when I tid forty times before. To say I am pleased with Dr. Rausin's wonderful suc cess would be putting it very mildly. I am able to work now for the first time in months, ROBERT DAGGETT.
